When you feel good about yourself it shows. While beauty is more than skin deep, the decision to enhance your appearance, can boost your self-confidence and positively impact every area of your life. Since 1999, Dr Fiona Wright has been dedicated to giving each of her patients a personalized approach to cosmetic enhancements, with an unparalleled emphasis on safety and patient comfort.

"I love the opportunity to listen to what people want, and helping them formulate a plan to achieve the best results. Even small changes can make a big difference in how you feel about your appearance." Dr Wright

In the Fall 2007, Dr. Wright opens the doors to her new clinic, which is the largest independent MedSpa in North Texas dedicated exclusively to non-surgical facial and body enhancements. Skin MD & Beyond offers patients a tranquil setting to relax and rejuvenate. This unique clinic provides its patients with the atmosphere of a Tuscany setting complete with a rock-faced water wall. The main reception area which showcases Dr. Wright's national skin care lines, Fiona Wright MD and Previa, offers video education and a beverage bar. As well, the European-styled kitchen, available to host VIP, corporate and private events, will always be preparing unique signature dishes to offer complimentary to patients.

A second privacy lounge will be for patients who require discretion, or are waiting between services. With accent lighting and a second beverage bar, patients may relax in this quiet retreat. The walls, adorned with family-style portraits of patients, complete the pleasing

at-home feel that this MedSpa has mastered.

"It was very important to me to create a place that offers a comprehensive and innovative menu of services in a warm and caring environment. I believe in putting my patient's comfort as our highest priority," Dr. Wright remarks.

Known for her boundless energy and meticulous attention to details, patients are reassured to know that Dr Wright is always on the cutting edge of technology. "Dr Wright is great and I trust her completely. All of her procedures are carefully tested by herself and her volunteer patients. She offers only procedures that work—and I am proof!" states Tere H., a patient of Dr. Wright.

Dr. Wright is ranked number one in the Dallas Metroplex for Facial Contouring with Botox Cosmetic and has Platinum Status with Restylane and Perlane Facial Fillers. She also ranks number one in procedures for Radiance Laser Rejuvenation and LipoLite Body Contouring to remove cellulite and unwanted inches.

From the moment you walk into this warm and friendly spa-like center, you will understand why Skin MD & Beyond is unlike any other.
